CALL FOR PAPERS

W CONFERENCE AIM AND OBJECTIVES

Dokuz Eylul University, Faculty of Business is very pleased to host the 3rd Biennial International Conference (BIC) on Services Marketing and looks forward to welcoming you on September 2011. The theme of the conference is "Servicing the Way out of the Economic Downfall: The Present and Future Role of Services".

The services sector is the dominant driving economic force worldwide and marketing and management practices in this field are evolving rapidly. There is, as a result, an increasing academic and business interest in the services sector. This is especially pertinent at a time of ambivalence in the aftermath of a severe economic crisis, which challenged established business models and practices, eroded customer confidence and buying power, and altered customer behavior in potentially fundamental ways. Academics and business practitioners are called upon to help companies come to terms with the new constantly changing conditions they are confronted with and align their business processes in ways that can enable them to adapt to the new economic reality. The conference will be looking into the ways through which services companies can achieve and sustain prosperity and growth in these turbulent times. The success, relevance and reliability of established models and practices will be reassesed based on their resilience and performance in these conditions, while new processes and models will be presented and their potential superiority will be evaluated.

WINDERSON OPPORTUNITIES

All accepted papers will be included in an edited conference proceedings CD-ROM and a book of abstracts will be published.

The Scientific Committee of the 3rd Biennial International Conference on Services Marketing has also agreed to publish the Conference's top papers in prestigious refereed journals.

MISTORY OF THE CONFERENCE

The First BIC on Services Marketing was hosted by the University of Aegean, Chios island, Greece, in September 27-29, 2007 and the second was hosted by the Aristotle University of Thessaloniki and University of Macedonia, Thessaloniki, Greece, in November 4-6, 2009. These two conferences were jointly organized by the University of Glasgow in collaboration with the Greek Marketing Academy. The main theme of the first BIC on Services Marketing held in Chios was "Strategic Developments in Services Marketing". The theme of the second conference in Thessaloniki was "Orchestrating the Service Experience: Music to the Ears of our Customers". Both conferences provided the opportunity to exchange ideas on current issues in Services Marketing. The presentation of double blind refereed research papers generated constructive exchange of ideas on international practices, leading to a significant contribution to the knowledge and understanding of services. Conference participants, over 160 for each conference, included not only educators and researchers, but also practitioners. Since 2009, the BIC in Services Marketing is one of the official conferences of the Greek Marketing Academy, organized in Greece or abroad. This time the Greek Marketing Academy has assigned the responsibility for the organization of the 3rd Biennial International Conference on Services Marketing to the Athens University of Economics and Business and the Dokuz Eylul University.

Çeşme, Turkey

The Çesme Peninsula, lapped by the waters of the Aegean Sea, lies in west of Izmir, in Turkey's Aegean region. Çesme, meaning fountain, derives from the many sources of water found in the area. It is one of Turkey's most beautiful stretches, surrounded by clear blue seas, with landscapes of cultivated fields of aniseed, sesame and artichokes dotted with fig and gum trees. In the un-spoilt bays you can swim in absolute peace. Visitors will find excellent holiday accommodations, restaurants and sports and entertainment facilities. It is possible also to get to Greek island Chios (Sakiz) with regular daily ferries. Çesme has an international harbor linked to Izmir with a superb highway (80kms). Çeşme is in 90 km distance from Adnan Menderes Airport, 80 km from İzmir and 150 km from Ephesus and the House of Virgin Mary.

The city-to-airport shuttle buses are operated by the private company Havaş which runs on two lines; the first connecting Karşıyaka (in the city's northern part) and the second connecting Alsancak (in the south, city center) with the airport.

SIGHTSEEING ALTERNATIVES

The sightseeing alternatives are presented below. The sightseeing program has not been clarified yet. After specification of exact program, it will be announced at the conference website.

Ephesus:

Ephesus (Ancient Greek Έφεσος, Turkish Efes) was an ancient Greek city, and later a major Roman city, on the west coast of Asia Minor, near present-day Selçuk, Izmir Province, Turkey. The ruins of Ephesus are a favorite international and local tourist attraction, partly owing to their easy access from Adnan Menderes Airport and via the port of Kuşadası. Ephesus contains the largest collection of Roman ruins in the eastern Mediterranean. Only an estimated 15% has been excavated. The ruins that are visible give some idea of the city's original splendor, and the names associated with the ruins are evocative of its former life. The theater dominates the view down Harbour Street, which leads to the silted-up harbor.

House of Virgin Mary

The House of the Virgin Mary is a Christian shrine located on the top of the Koressos mountain 9 km ahead of Ephesus and the shrine of Virgin Mary enjoys a marvelous atmosphere hidden in the green.

Sirince Village

Şirince (pronounced /ʃi'rindʒe/) is a former Greek village of 600 inhabitants in İzmir Province, Turkey, located about 12 km away from Ephesus. Şirince was settled when Ephesus was abandoned in the 15th century but most of what one sees today dates from the 19th century. As the village is located on the top of a mountain, anyone will enjoy the impressive wine yards' and peach trees' views on his way.

İzmir City Tour

İzmir is known as the pearl of Aegean region. It is Turkey's third largest city and second most important port. Also, it is an important tourism centre in this region. There are lots of wonderful places to visit such as clock tower, traditional shopping district Kemaralti, historical elevator.
