Ulrich bundles and representations of Clifford algebras

Emre Coşkun

*University of Western Ontario*

email: ecoskun@uwo.ca

**ABSTRACT**

In this talk, we will examine the relationships between the so-called Ulrich bundles on algebraic varieties and the matrix representations of generalized Clifford algebras.

---

**DATE & TIME:** 14 July 2011, Thursday at 14:00  
**SEMINAR ROOM:** B206  
**WEBPAGE:** [http://web.deu.edu.tr/math/deuGT/index.html](http://web.deu.edu.tr/math/deuGT/index.html)  
**ADDRESS:** Dokuz Eylül University, Tınaztepe Campus, Faculty of Science, Department of Mathematics, 35160, Buca, İzmir, Turkey

---

1. Every week we are planning to organize a Geometry Topology seminar. You are welcome to give a talk. This semester seminar organizer is [Celal Cem Sarıoğlu](mailto:celalcem@gmail.com) Email: [celalcem@gmail.com](mailto:celalcem@gmail.com)

2. To subscribe/unsubscribe the e-mailing list of DEU Geometry Topology Seminar, please visit its Google groups page: [http://groups.google.com/group/deuGT](http://groups.google.com/group/deuGT)
